

Ohio Aggregates & Industrial Minerals Association

MSHA Part 46 Training Workshop "BETTER UNDERSTANDING OF PART 46 STANDARDS"

Date: Thursday, January 21, 2010
Time: 9:00 a.m. - 4:00 p.m.
Place: OAIMA Office, Gahanna, OH
Instructor: Jeffrey Hoblick, MSHA Training Specialist, Educational Field Services

This Workshop is structured for persons who train and are responsible for Health & Safety at the Mine Site – manager, superintendents, supervisors and safety managers.

The Workshop is designed to review training plans in depth. To insure your plan is in accordance with regulations. It will give you an understanding of all five parts of training, new miner, experienced miner, annual refresher, task and site specific hazard awareness training. Learn definitions as they apply to training, and how to properly record all parts of training for miners.

The main topics to be covers are: Part 46 Training Plans, Part 46 Training Records, part 47, Mine Act and Code of Federal Regulations. *(see reverse side for addition information)*

Registration fee: \$25 per person. Registration deadline is January 11, 2010.
