Material Handling Products, Parts, and Services

Make Slick Rollers Your One-Stop Solution

Founded in 1999 by owners David Rich, Wade Clark, and Gregg Garrison, Slick Rollers reduces your long-term maintenance costs with our products and services, and we can source or make nearly any material you may need.

Known for our responsiveness, customer relations, safety record, and the ability to handle the range of jobs from routine maintenance to the highly specialized, you can trust our experienced team to quickly and cost effectively deliver products and services throughout the Central and Southeastern United States, serving Kentucky, Tennessee, Ohio, Indiana, Mississippi, and West Virginia.

To hear more or to request a quote on your project, please call or email.
